

The Ecological Indian: Myth and History

By Shepard Krech

WW Norton & Co. Paperback. Book Condition: new. BRAND NEW, The Ecological Indian: Myth and History, Shepard Krech, The idea of the Native American living in perfect harmony with nature is one of the most cherished contemporary myths. But how truthful is this larger-than-life image? According to anthropologist Shepard Krech, the first humans in North America demonstrated all of the intelligence, self-interest, flexibility, and ability to make mistakes of human beings anywhere. As Nicholas Lemann put it in The New Yorker, "Krech is more than just a conventional-wisdom overturner; he has a serious larger point to make. Concepts like ecology, waste, preservation, and even the natural (as distinct from human) world are entirely anachronistic when applied to Indians in the days before the European settlement of North America." "Offers a more complex portrait of Native American peoples, one that rejects mythologies, even those that both European and Native Americans might wish to embrace." -Washington Post.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
