Pacific Reefs Publishing. Paperback. Book Condition: New. Paperback. 286 pages. Dimensions: 8.8in. x 5.9in. x 0.8in. Whats wrong said Andrew. You look like youve seen a ghost. Seema raised an arm in slow motion, like a mime, and pointed at the monitor. As the whale squealed through the speakers, the Speakeasy translated its vocalizations into familiar shapes, embedded in a very unfamiliar setting. If youre seeing what Im seeing, Andrew gulped, please tell me Im not crazy. In the spirit of War of the Whales, Carl Sagans Contact, and Stephen Spielbergs Close Encounters, speech scientist Howard Steven Pines science andfiction marine mammal protectionist thriller takes whale language research to a whole new realm: the excitement of first contact and the recognition of the intelligence, dignity, and wisdom of another earthly species. When the Navys controversial sonar experiments begin to destroy Mauis whales, an unlikely hero holds the key to their preservation. Inspired by his mentors paradigm-busting challenge to open a communications channel with other big-brained species, acoustics professor David Dmitri begins analyzing the songs of humpback whales. The quest to decode their mysterious language leads him to an astonishing revelation. With more proof, Dmitri realizes he could rally public opinion and stanch the bloodshed. But as his team prepares to launch a voyage of discovery in the Straits of Lahaina, others are determined to stop him--whatever the consequences. Built on fascinating, cutting-edge science, Part I of The Torch of Prometheus trilogy delivers thought-provoking breakthroughs about language and intelligence in the realm of earths other big-brained beings, and explores the intertwined existential crises of humans and whales. The Whale Song Translation . . . A visionary tale of marine mammal protectionism . . . A voyage of discovery, to Neptune and beyond. This item ships from multiple locations. Your book may arrive from...
