Were it not for these additional arabic terms, which must be of great reference value to any one understanding the arabic language and having occasion to deal in any way with Palestine plants, it would seem that the time and money invested in this list had been unwisely expended, for the classification is now far out of date and in no wise departs sufficiently from DeCandolle and Post to be of individual value. It is to be regretted that the pamphlet was not written with the classification of Engler s Syllabus which represents the most widely accepted classification in present-day use. It should be borne in mind that Mr. Dinsmore was limited to conditions in the city of Jerusalem, under which it is exceedingly difficult to do the highest grade of scientific work, due to the almost entire absence of library facilities and on account...
