THE ORIGIN OF CANCER CONSIDERED WITH REFERENCE TO THE TREATMENT OF THE DISEASE

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 78 pages. Original publisher: Washington, D. C. : National Intelligence Council, 2000 OCLC Number: (OCoLC)47628321 Subject: Electronic commerce -- Law and legislation. Excerpt: . . . IV. CHINA A. INTRODUCTION No country has been more eager to embrace electronic commerce yet more fearful of its impact, than China. During the last three years, Chinese business and government have pursued an aggressive plan to prepare the country for electronic commerce. At the same time, regulators have imposed strict information controls and economic regulation on the Internet to protect the current government regime. Reconciling these two forces dominates discussion of the Internet and e-commerce in China. China is a communist country yet over the past 20 years, the government has been moved its economy purposefully from a planned to a market-based system. As a result of reforms undertaken since 1978, the economy has grown more than tenfold. The gross domestic product is expected to increase 7.2 percent from 1999 to 2000. Foreign trade has increased by the same factor as Chinese manufacturers have begun to compete in the global marketplace in goods including personal computers. Lately, China has had limited success maintaining its economy in the face of the Asian financial crisis. Structural problems, the problem of reducing employment levels in the state enterprise system, unemployment in general and low rates of income especially in rural areas all pose serious challenges to long-term economic growth. The potential market for e-commerce in China is huge but the investment risks are great as well. China has virtually none of the regulatory, technical and operational elements that, taken together, will allow and promote e-commerce growth in the near future. Also, content issues will continue to impede growth of the Internet and...
