## CLASSIC SHIPS

Haynes Publishing Group. Hardback. Book Condition: new. BRAND NEW, Classic Ships, Richard Havers, Thousands of years before any of our modern methods of transport were invented man traveled by boat on the water. Later on men traveling by ship proved that the world was round, discovering new lands and new continents. By the nineteenth and twentieth century vast numbers of people used ships to emigrate to new lives in far away lands; ships soon became floating palaces, representing the ultimate in sophistication. "Classic Ships" chronicles our nautical heritage for the last one hundred or so years and features everything from tall ships to small ships, working boats and lifeboats. Most of all it's a salute to the liners that sailed the world's oceans carrying people to distant shores - port out, starboard home. With over 120 pictures, including many previously unseen, this really is a celebration of how man went down to the sea in ships.
