

Textbook of Co-Ordinae Geometry

By R. Kumar

Konark Publication, New Delhi. Soft cover. Book Condition: New. 225pp. The book presents the subject matter of Co-ordinate Geometry in a systematic and simplified manner. The book contains an exclusive chapter viz. Two Fundamental Equations: $T=0$ and $T=S1$. The equation $T=0$ describes tangent, chord of contact and polar of all conic in terms of its middle points. Most of the problem of Co-ordinate Geometry are based on these two equations. An attempt has been made in every chapter to classify the problems according to these equations. This approach makes problem solving easy and interesting.
