

## 2012 national secondary Constructor Qualification Tests centers memorandum: Highway Engineering Management and Practice [Paperback]

By TAI QI JIAO YU

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 280 Language: Simplified Chinese Publisher: Beijing Science and Technology Press; 1st edition (November 1. 2011). Contents: 28.31 million highway construction technology 2.831 million subgrade 28.311.010 roadbed construction 28.311.020 embankment protection and support block 28311030 roadbed assay technology 28.311.040 familiar with the roadbed construction survey 28.311.050 special roadbed construction technology 28.312 million road project 28.321.010 pavement base (subbase) Shi \_ anti-industrial technology of 28.312.020 asphalt pavement construction 28.312.030 cement concrete pavement construction 28.312.040 road. drainage construction technology 28.312.050 28.313.030 28.313.000 28.312.060 special asphalt concrete pavement of the road test detection technology and Culverts 28.313.010 bridge composition. classification and major construction technology 28.313.020 culvert classification and construction bridge construction survey 28.314 million highway tunnel 28.314.010 tunnel project 28.314.020 tunneling measurement and monitoring of the measurement technique 28.315.000 28.320.000 highway traffic engineering. and rural road construction 28.315.010 of traffic safety facilities in the composition and function of 28.315.020 rural road facilities project construction management practices 211 321 000 highway construction

### Reviews

*An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.*

-- Prof. Arlie Bogan

*It in a single of the best book. This is for those who stante there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dr. Barney Robel Jr.
