*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

One of the chief features of the work is the insertion of copies of the chief documents now used in general commercial transactions, and these, I feel sure, will be found a valuable addition to the book. In arranging the classification of the various subjects treated, I have consulted The Merchant s Clerk; The Work of a Bank; Bills, Cheques and I O U s; and The Money Market Primer by the same publisher.
