While learning how to draw, young children will also learn and develop in other areas such as hand-eye coordination, shape recognition, and word association with objects. Children will find it easy to follow the step-by-step instructions which lead them through each drawing one line at a time. Children should remember it is important to practice drawing the lines and shapes first before attempting to complete any of the drawings in this book. Additional blank pages have been added so that children may have opportunities to practice their new drawing skills. After completing all of the exercises and drawings, students are rewarded with a hand written Letter of Congratulations and an authentic Certificate of Completion signed by the author. The combination of simple instruction, drawing, and encouragement promote learning and development in children while building confidence and self-esteem.
