Random House USA Inc. Paperback. Book Condition: new. BRAND NEW, The Alchemy of Air, Thomas Hager, Tragic genius, cutting-edge science, and the discovery that changed billions of lives-including your own. At the dawn of the twentieth century, humanity was facing global disaster: Mass starvation was about to become a reality. A call went out to the world's scientists to find a solution. This is the story of the two men who found it: brilliant, self-important Fritz Haber and reclusive, alcoholic Carl Bosch. Together they discovered a way to make bread out of air, built city-sized factories, and saved millions of lives. But their epochal triumph came at a price we are still paying. The Haber-Bosch process was also used to make the gunpowder and explosives that killed millions during the two world wars. Both men were vilified during their lives; both, disillusioned and disgraced, died tragically. "The Alchemy of Air" is the extraordinary, previously untold story of a discovery that changed the way we grow food and the way we make war-and that promises to continue shaping our lives in fundamental and dramatic ways."
