

Seeing God Everywhere: Essays on Nature and the Sacred

By -

World Wisdom Books, United States, 2004. Paperback. Book Condition: New. 336th ed.. 226 x 150 mm. Language: English . Brand New Book. This collection of essays on the relationship between nature and the sacred reflects the thoughts of some of the most important religious authorities and scholars from Buddhist, Christian, Islamic, Jewish and Native American traditions. Covering subjects ranging from flower viewing in Japan to the spiritual dimension of the environmental crisis, some of these articles are simple and poetic meditations while others are richly layered metaphysical studies concerning the divine root of creation. Following each essay is a short poem, drawn from various traditions of spiritual poetry, echoing the underlying theme of the book. The most important and urgent message of this anthology is that our current environmental crisis results from a loss of spiritual centre and that the physical world cannot be separated from the metaphysical without suffering potentially disastrous consequences. Its fundamental thesis is that our continuing physical and spiritual well-being is ultimately linked to our ability to see God everywhere and to remember Him in all things. Whether this view is theistic, according to Western and Native American traditions, or none theistic, according to the Buddhist...
